Watch the Orientation Session before you proceed to the Self-learning session.

Missed Orientation? Watch On-demand!

To successfully complete internship and earn internship certificate you should complete mandatory modules.

- Complete all modules within a course

Don't forget

Log into your [FutureSkills Prime](#) and [MS Learn](#) profiles to complete the modules.

If you have already earned the Microsoft certification, you can submit your certification detail to get the learning credit for the specified course.

Once you complete a module within the course the status will be updated as **'Complete'!**

Azure Administrator (AZ-104)

Duration 52 hrs 37 mins

Have you completed your certification? [Submit your certification.](#)

Azure Administrator Associate course helps learners to understand practical and conceptual concepts like Azure Storage, Active Directory, Virtual Machines, Web Apps in Azure, and Azure Monitor.

[AZ-104: Prerequisites For Azure Administrators](#)

Cannot see your progress updated?

- Check that your MS Learn profile and FutureSkill Prime profile shared during orientation is correct
- You are logged into MS Learn & FSP when completing the module
- Login to MS Learn and see if these trophies and badges are visible in your profile

If you cannot locate the trophies and badges in your MS Learn profile, kindly ensure that the **completion % for the required module should be 100%**.

If the completion in MS Learn is 100% – please write to support@futurereadytalent.in with below

- Snapshot showing progress MS learn snapshot with badges and trophies
- MS learn profile URL shared on the Orientation page
- FRT email id
- Snapshot showing progress on the Future Ready Talent platform

Claim your Student Developer Pack

Note: Before applying read through the process/ requirements to check if you're eligible for the GitHub Student Developer Pack benefits.

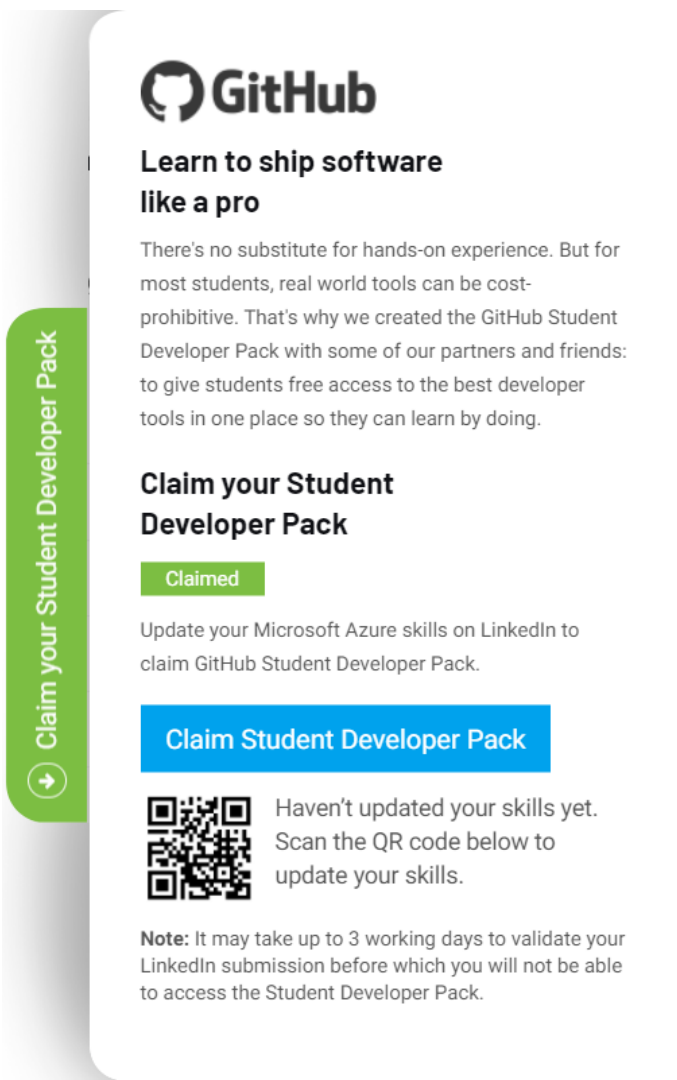

Go to your LinkedIn profile

Update your Microsoft Azure skills
Use the QR code to scan & update

Click on the 'Claim Student Developer Pack'

► Self-learning

► **Industry Session**

► Project Submission

Explore the sessions by industry experts and prepare to join the future workforce.

Do keep in mind!

Watch the industry sessions in its entirety at one go to unlock the next milestone.

Do not jump ahead in the video or it will erase the progress.

Watch the Azure overview and any one of the industry sessions completely.

You can also download the presentation, avail other resources and reference material to add to your knowledge.

You have to complete the Industry Session before final Project Submission

► Project Submission

Fill in your project synopsis and submit your final project to claim your internship certificate

Here's the 2-steps project submission process.

1 Project Synopsis

2 Project Submission

Read through the project checklist before moving to the synopsis stage.

The screenshot shows the 'Future Ready Talent' website interface. At the top, there's a navigation bar with links: Home, About Us, Course, Events, Learning, and a user profile for 'Gunjan Kathariya' with a 'Sign Out' button. Below this is a secondary navigation bar with tabs: Orientation, Self-learning, Industry sessions, and Project (which is highlighted in blue). The main content area features a 'PROJECT CHECKLIST' section with a green checkmark icon. It includes a heading 'Here is a quick checklist for you to track your progress' followed by five bullet points: 'Have you shared correct and complete details on the Orientation tab?', 'Have you watched the required industry videos?', 'Have you started the learning modules on Self learn tab?', 'Have you claimed and activated your Student Developer Pack?', and 'Have you added your Microsoft Azure skills on LinkedIn?'. A note at the bottom states: 'Note: Final project submission tab will be activated on successful submission of project synopsis.'

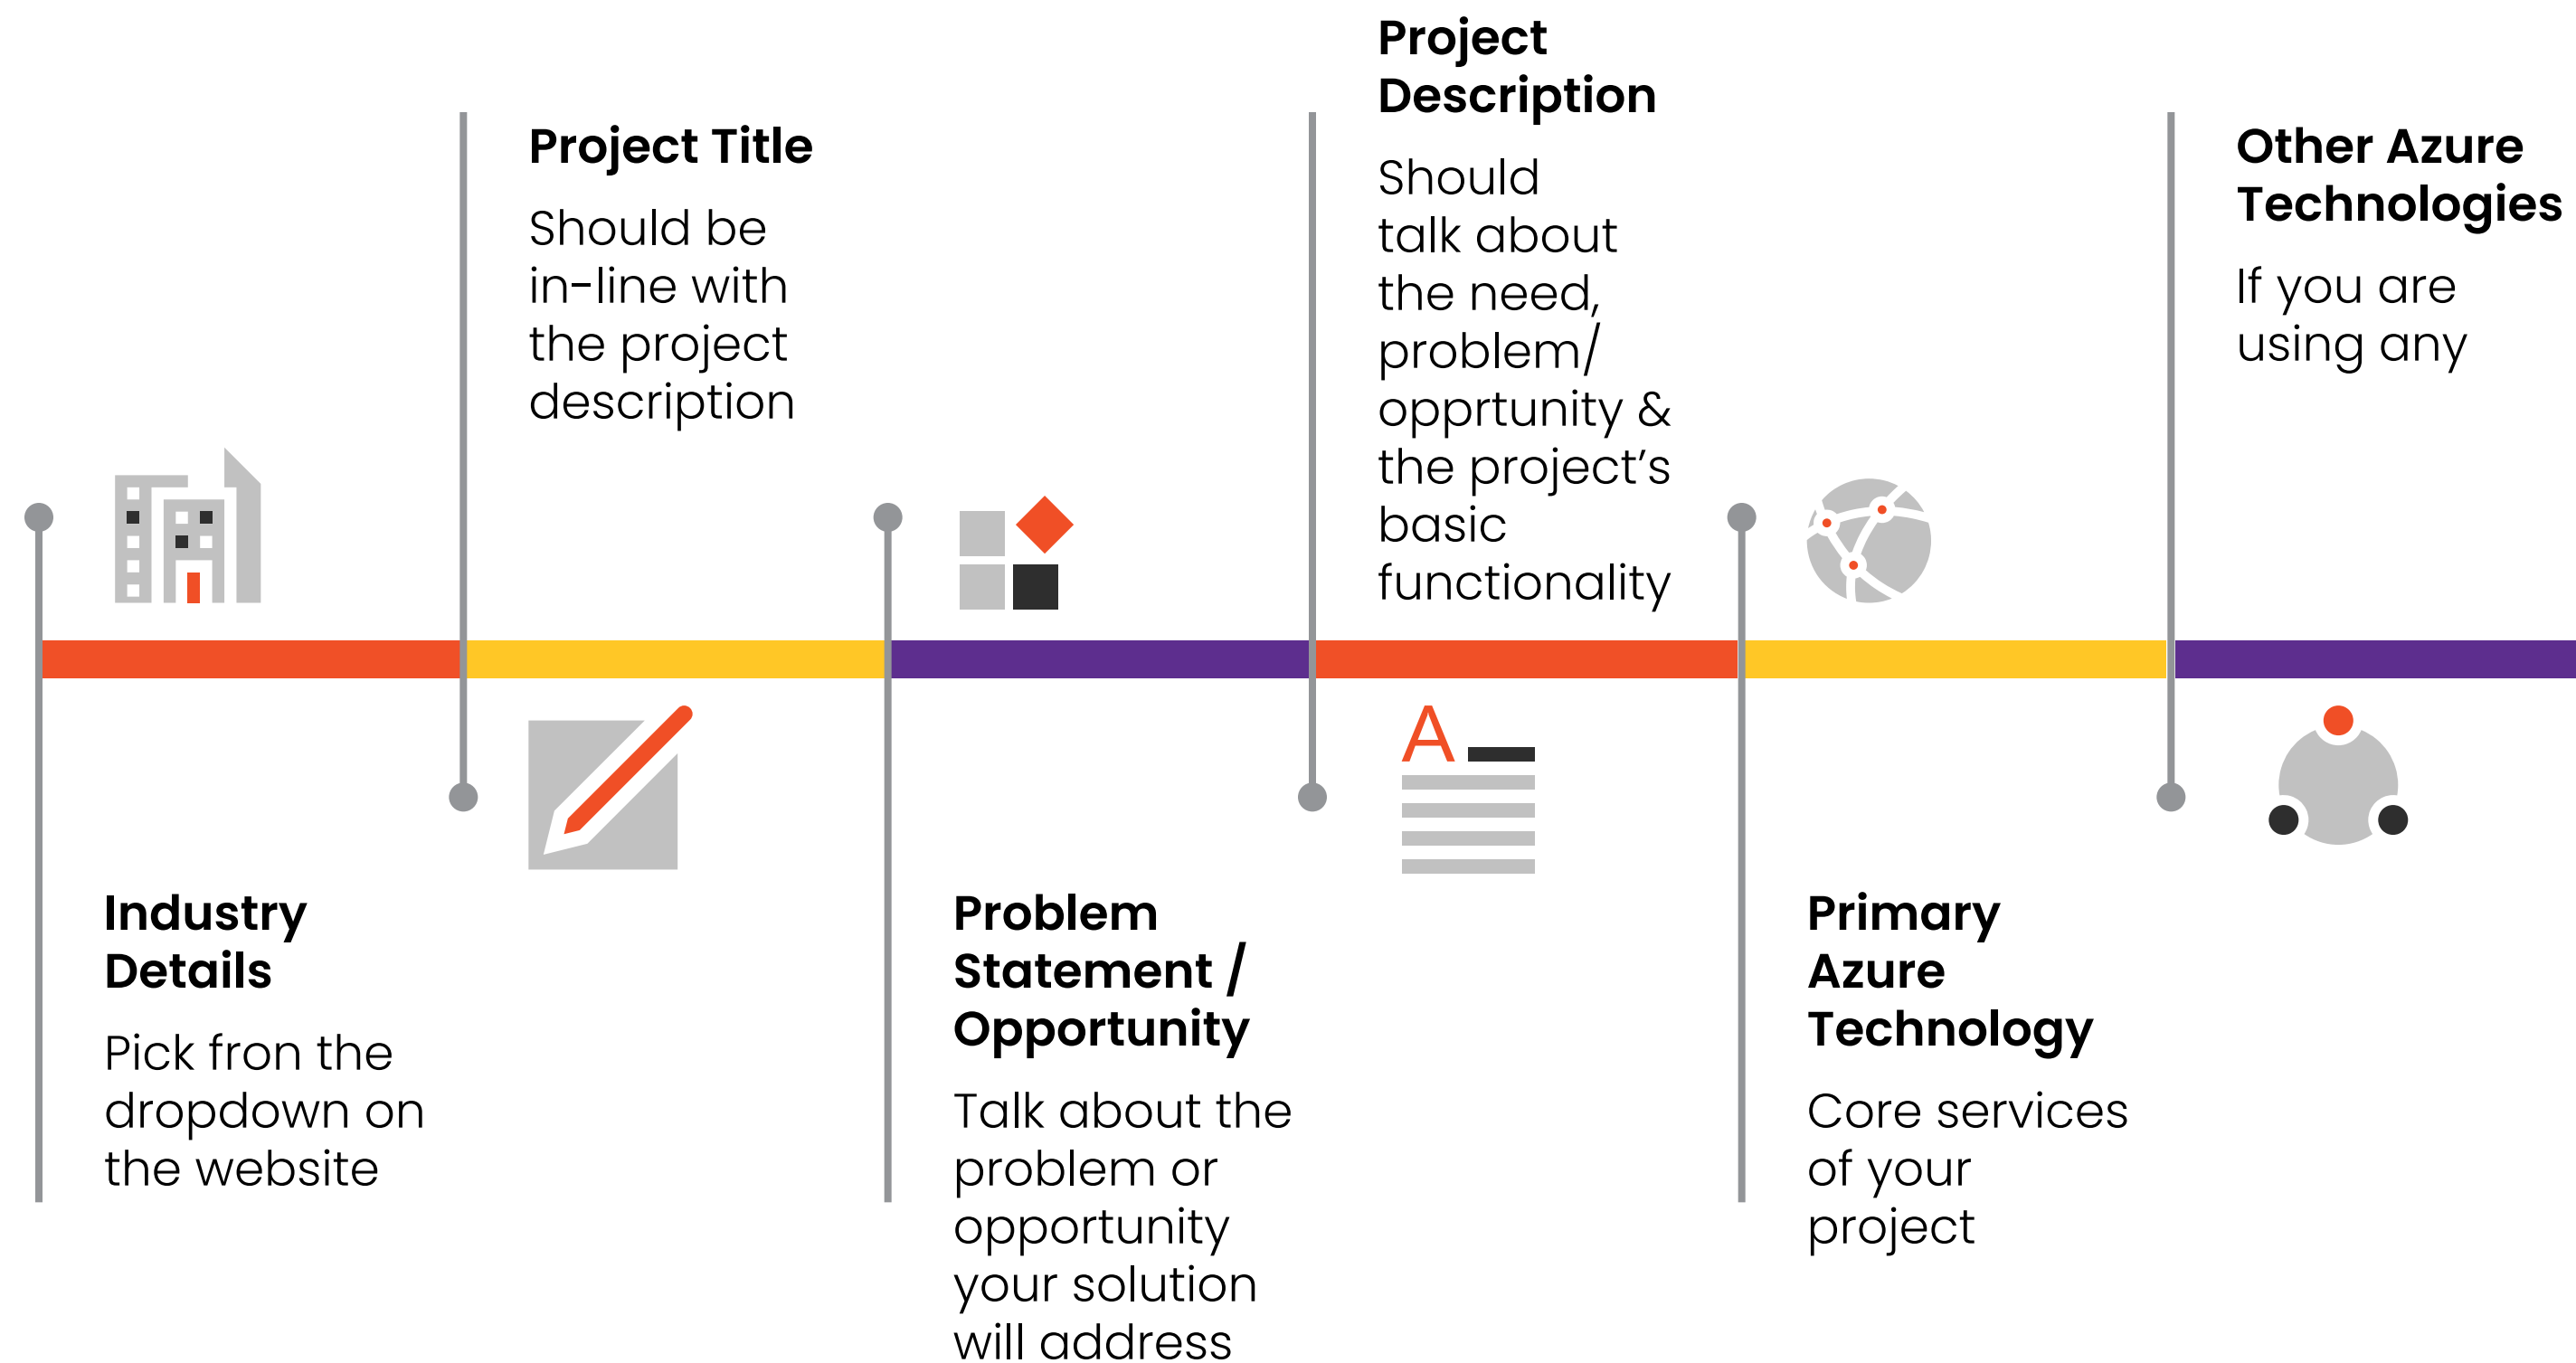

Project Synopsis

A quick snapshot of your final project

1

Submit your Project Synopsis by providing the below details:

[Read the T&Cs and student evaluation criterion.](#)

Ensure that you have

1. Claimed your **GitHub Student Developer Pack**. If not, check here on **how to claim**.
2. Completed the **GitHub Learning module** on the Self-learning tab. If not, **complete now**.

Click on **SAVE**

To save your responses before end date. You can come back, log in, and make edits before you submit.

SAVE & SUBMIT

To save and submit your response.

Once you submit, the project synopsis cannot be edited.
